

## HEALTH CARE REFORM COORDINATING COUNCIL

### Health Care Delivery Reform Subcommittee

**Chair:** Dr. Joshua Sharfstein

**Membership:** Up to 25 members with representation from General Assembly, hospitals; doctors; FQHCs; behavioral health providers; payers; managed care organizations; home health care agencies; long-term care facilities; employers; unions, and consumers.

**Selection of members:** After a public nomination process and consultation with the Governor's Office of Health Care Reform, the Secretary of the Department of Health and Mental Hygiene will appoint members.

**Purposes:**

1. To track implementation of health care delivery reform efforts in Maryland which seek to achieve three goals: improving the patient's experience of care, lowering costs, and improving health outcomes.
2. To track payment reform activities and their effects on the health care delivery system, including activities in the Health Services Cost Review Commission Medicare Waiver, the Patient Centered Medical Home pilot, emerging Accountable Care Organization models, and others.
3. To share best practices across the State; and

4. To develop recommendations for the Council on the dissemination of best practices.

**Meetings:** Quarterly
